

Some useful links and resources:

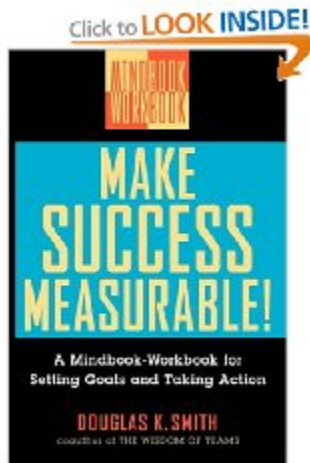

1. Web link for instructions on using post it notes for brainstorming, note there are many variations to this activity.

<http://www.jackmartinleith.com/idea-generation-methods/brainstorming-with-post-its.html>

2. Web link with some brainstorming guidelines for facilitators -

<http://www.workshopexercises.com/brainstorming.htm>

3. Recommended Reading – A good strategy book with tips and techniques for setting goals and objectives.

Make Success Measurable!: A Mindbook-Workbook for Setting Goals and Taking Action (Hardcover)

by [Douglas K. Smith](#)

([5.0 out of 5 stars](#) [See all reviews](#) (6 customer reviews))

4. Link to University of Cambridge's Completed Risk Register

http://www.admin.cam.ac.uk/offices/secretariat/risk/register/risk_register_200807.pdf

It is beneficial to see the completed register. I particularly like how the information is organized. It serves as both a reporting tool and an organizational and planning tool for the unit completing the register.

5. Link to University of Cambridge Risk Management Tool Kit

<http://www.admin.cam.ac.uk/offices/secretariat/risk/toolkit/>

6. Link to the Risk and Insurance Management Society's (RIMS) Center for Enterprise Risk Management

<http://www.rims.org/ERM/Pages/default.aspx>

7. Link to Association of College and University Auditors Risk Dictionary Demo
<http://www.acua.org/go/acua-information/general-information-resources/risk-dictionary/risk-dictionary-demo>
8. Link to the University Risk Management and Insurance Association (URMIA)
<https://www.urmia.org/urmia.cfm>
