

## **MCMC Bridge Program Inventory (as of 7.24.18)**

- **Program at Minnesota State** - As of July 2018, 28,636 military occupations and 4,737 military courses have been evaluated by Minnesota State faculty. Occupations evaluations can be found online on the Veterans Education Transfer System (VETS) at <http://www.minnstate.edu/college-search/public/military> and Transferology at <https://www.transferology.com>.
- **Program in Ohio** - Currently Ohio has 129 Military Transfer Assurance Guides (MTAGS) in their repository. All accepted and have been evaluated across 37 public institutions. It's important to note that MTAGs are statewide guarantees – individual institutions are still evaluating military courses against all their own coursework in areas outside of MTAGs. You can find the MTAGs as well as additional information at [https://transfercredit.ohio.gov/pg\\_35?5698422534882](https://transfercredit.ohio.gov/pg_35?5698422534882). Course evaluations can be found online at Transferology at <https://www.transferology.com>.
