Program Participation as of 1/10/2020

MHEC **PROGRAMS** are initiated in response to identified needs in one or more of the member states. Bringing together expertise from across the region, MHEC explores activities needed to address the identified needs. Solutions best solved through ongoing interstate cooperation are then developed into MHEC programs. Each MHEC program provides the program participants with governance and leadership structures to guide and maintain programmatic outcomes, often there is a cost savings component.
