Subcommittee Reports

Underwriting

- Changes to 4.1.7 termination of a Member and 4.1.8 Termination of Rights and Obligations, the changes in 4.1.7 were agreed to at the October 2018 Underwriting Subcommittee meeting.

- Regarding 4.1.8, Joseph made additional recommended changes by e-mail. The subcommittee reviewed the additional changes and discussed. Lisa Schaller motioned to approve the changes, Laura Betzold seconded. Motion passes.

- Discussed Drake University and Des Moines Area CC. The subcommittee discussed and concluded that since we had stopped accepting new prospects in late in 2018 we should not offer quotes until after 7/1/2019 renewal. Lisa motioned, Sheri Phillips seconded and the motion passed with one Nay vote.

- June 24 Laura Betzold announced she was leaving University of Wyoming and therefore the Underwriting subcommittee.
Subcommittee Reports
Underwriting

- August 2019 the decision was made that we still weren’t actively marketing but if an institution approached MHEC they would be reviewed and if they met the qualifications they would be brought before the Underwriting Subcommittee for review.
- Mount Marty College presented a submission and were provided a quote but too late to switch at the time. They are interested in reviewing the MPP again for 1-1-21.
- Marsh was tasked with putting a Deductible Buy-Down program together for Hail and Tornado to be available 7-1-20.
Subcommittee Reports
Engineering & Loss Control

▪ 2019-2020 Servicing By The Numbers
  › 117 Campus Surveys
  › 140 days of Infrared Thermography
  › 4,460 Jurisdictional inspections Objects Total
    – 993 inspected this policy year
  › 100+ Impairments logged & plan reviews
  › Quarterly Risk eNewsletters

▪ Loss Control Subcommittee Initiatives
  › Contractor Management Webinar
  › Contractor Management Guidelines
  › MHEC Property Risk Standards Update
  › Members Complete Critical Recommendations
Subcommittee Reports
Finance & Audit

- Review of Dividend Distribution Schedule
  - $827,889 in dividends distributed in March 2020
  - Per policy, this represents:
    - 50% of remaining adjusted equity for the 2017-18 policy year
    - 80% of remaining adjusted equity for the 2016-17 policy year
    - 100% of remaining adjusted equity for all policy years prior to 2015-16

- Agreed-upon Procedures Review
  - No significant or notable findings

- Program Cost Distribution Confirmation
  - No significant discrepancies reported by members

- Review Service Provider Fee Proposals

% OF CLIENT RENEWALS

Typical 5-Year Loss Ratio Profile

No Losses

100% +

2019 Q4

- 30% Increase Over 20%
- 24% Increase 11-20%
- 22% Increase 1-10%
- 14% No Change
- 5% Reduction 1-10%
- 2% Reduction 11-20%
- 3% Reduction Over 20%

% RATE CHANGE

Significant INCREASE Examples
- Clients with adverse loss history.
- Large shared and layered programs requiring many insurers.
- Traditionally challenging risks – frame habitational, hospitality, food processing, metals/mining, energy and chemicals.

Nominal Change Examples
- Insureds with favored occupancies and historical pricing adequacy.
- Placements with minimal CAT exposure.
- Quota-share and layered programs with a surplus capacity competing on them.

Significant DECREASE Examples
- Capacity Surplus
- Single insurer placements with multiple insurers quoting.
- High quality risks, carrier views adequate rate, desired occupancy
- Special situations – For example: large loss coming off the five-year record; large increase in values.

MASTER PROPERTY PROGRAM
Renewal Planning for July 1, 2019 - 2020

Time Allotted: 10 Minutes
Renewal Planning for July 1, 2019 - 2020

Renewal Challenges

- Multiple large losses
- Attritional losses
- Natural catastrophe exposure
- Unique program structure
- Scale
- Increased underwriting scrutiny of higher education
- Market conditions
Renewal Planning for July 1, 2020 - 2021

Hot Buttons

- Aging infrastructure / underinvestment
- Value reporting
- Builders risk
- Flood
  - NFIP extended to 9/30/2020
- Cyber
Renewal Planning for July 1, 2020 - 2021
HOT Buttons (continued)

- Deductibles not keeping up with inflation
- Growth in attritional loss cost
- Risk improvement activity
- Influence of catastrophe modeling
- TRIPRA
  - Recently extended long-term
Renewal Planning for July 1, 2020 - 2021
Potential Renewal Changes

- Rates increasing
- Program design/structure
- Additional risk-sharing
- Seeking hail deductible buy-down option
- Impact on individual members will vary depending on past five years loss experience and other factors
- Not likely to change:
  - Basic (AOP) deductibles for most members
  - July 1 inception date
MASTER PROPERTY PROGRAM
Captive Information

Time Allotted: 15 Minutes
Captive Information
What is Everest Property Insurance Company (EPIC)?

- Cayman Islands based reinsurance company
- Established in 1996
- Reinsures Property risks for unrelated parties
- Provides the outgoing Letter of Credit to Lexington
- EPIC Board of Directors Approve Distributions in September
Captive Information
Benefits of the Captive Layer

- Provides a layer of “self insurance” to distance the risk transfer layer from frequency claims
- Provides increased stability and significant buying power
- Reduces risk transfer premium
- Provides potential for dividends – no longer a sunk cost
- Helps to stabilize excess layer pricing
Captive Information
Captive Service Providers

- Captive Resources, LLC
- Kensington Management Group, Ltd.
- Marsh (Administrative Broker)
- Producing Brokers (various)
- Crawford & Co.
- Lexington Insurance/Zurich
- Pinnacle Actuarial Resources, Inc.
- Scotiabank (Cayman)
- PricewaterhouseCoopers (PWC)
Captive Information

Captive Resources

- Over 35 years of experience
- Independent consultant
- Administer over 40 group captive programs
- Represent over 4,000 shareholders
- Combined premiums exceeding $2B
- Partner with MHEC since 1998

› CRI reviews and analyzes exposure and loss data when working with the actuarial firm to create a loss pick which serves to formulate the captive layer aggregate.

› CRI works in conjunction with the claims TPA and compiles the loss data for the financial reporting, monitors large losses and provides quarterly updates to MHEC

› CRI works with the fronting company and KMG in negotiating the Commutation Agreement, Reinsurance Agreement and collateral requirement.
Captive Information
Kensington Management Group

- On-shore manager for EPIC, located on Grand Cayman.

- Two main functions for EPIC and MHEC MPP:
  1. **Regulatory** - Liaison with the Insurance Supervision Department of the Cayman Islands Monetary Authority (“CIMA”) on all aspects of the captive’s operation.
  2. **Financial** – Provide monthly cash flow projections, expense monitoring, investment coordination, payment of dividends, invoices and claims reimbursements to Lexington, prepares financial statements for EPIC and MHEC MPP and coordinates with the Company’s auditors.
Captive Information
Loss Fund Aggregate

- Provides a mechanism to fund losses
- $2.5 Million retention, excess of underlying deductibles
- Actuaries develop overall Loss Cost Rate for the program, based on 5 years loss history and TIV
- Loss Cost Rate x Renewal TIV = Aggregate amount, subject to approval by MHEC MPP Leadership
- Fully funded by MHEC MPP members through their Loss Fund Contribution
- Each policy year aggregate stands on its own; profit or loss from one year does not roll over into other policy years
Captive Information

Bond Investment

- EPIC gives the MHEC MPP the opportunity to invest in a fixed income portfolio
- Thru Scotiabank, the MPP has laddered over $6.4M in various governmental and corporate investment grade bonds
- The investment portfolio generates income on the loss funds and allocated back to each underwriting year
- Even when loss funds are exhausted by claims in the captive layer, member schools will receive returns of investment income on those loss funds as it takes time for the loss funds to be paid out for claims
- This return ultimately reduces the cost of insurance to the member schools of the MPP
- For the years 12/13-Current, over $727K of investment income has come back to the schools in the MPP
Captive Information
Dividend Policy

- MHEC’s MPP pays out dividends to members with equity balances on an annual basis
- Dividends are declared for individual policy periods based upon members’ equity
- Equity consists of investment income and member contributions in excess of losses (both paid and reserved)
- Dividends are not paid to members whose individual equity is zero
- EPIC Board and MPP Leadership Committee approve dividend distribution schedule as prepared by the captive manager (KMG)
Captive Information
Dividend Calculation

- Dividends are calculated as follows:
  - + Member Loss Funds
  - - Loss Payments and Loss Reserves
  - - Incurred But Not Reported Reserves (IBNR)
  - - Any Risk Sharing Absorbed from Other Members
  - + Investment Income Earned and Allocated to the year

= Net Equity Available for Distribution
Captive Information
Dividend Distribution Timing

- Available equity is distributed as follows:

  - 50% of available equity may be distributed one year after the close of a policy period

  - 80% of available equity may be distributed two years after the close of a policy period

  - 100% of available equity may be distributed three years and later after the close of a policy period

  - Dividend checks are sent to current participating members in the fall (October/November) after the EPIC Board meets in September.
MASTER PROPERTY PROGRAM
Renewal Timeline

Time Allotted: 3 Minutes
Renewal Timeline

2020 Renewal Timeline

Note: Due to the interconnected nature of the program the above timeline depends on all parties fulfilling their responsibilities. In any event, the Program Administration team will do its best to meet target deadlines.
MASTER PROPERTY PROGRAM
What Is Needed From Members

Time Allotted: 7 Minutes
What is Needed From Members

Members To Advise If:

- Deductible Options
- Have Additional Needs for Coverage or Limits
- Participation in any of the Optional Excess Layers
  - $500 million excess $500 million
  - $250 million excess $1.00 billion
  - $250 million excess $1.25 billion
  - $250 million excess $1.50 billion
- Earthquake - Excess/DIC Coverage
- Flood
  - Flood Zone Determinations
  - National Flood Insurance Program (NFIP)
  - Excess/DIC Coverage
What is Needed From Members
Certificate Requests

Certificate of Insurance Request

- All requests should be sent directly to Indianapolis.certrequest@marsh.com with the following information:
  - Cert holder name
  - Cert holder address
  - Location/description of property
  - Dates of loan
  - Value of property
  - Additional interest (if applicable)

- If more than one certificate is needed you should either send multiple requests or provide multiple sets of information (all of the items above are needed for each certificate)

- The cert service center has instructions and will contact Tami Hayden if there are questions in order to finalize certificates
What is Needed From Members
Claims Handling – Process, Advocacy & Contacts

Initial report of loss:

- Contact Dan Veldman with Crawford and Company
  - Daniel_Veldman@us.crawco.com
  - Office: 847-517-3172 or Cell: 847-602-6937
  - Dan will assign a Crawford claims adjuster

- With a Copy to:
  - Brian McGrath and Maureen Biehl
    - Brian.j.mcgrath@marsh.com
    - Maureen.w.Biehl@marsh.com
MASTER PROPERTY PROGRAM
2020 Annual Meeting & Workshop

Time Allotted: 3 Minutes
Master Property Program
2020 Annual Meeting & Workshop

- March 3, 2021 All-Insured Members Meeting
- March 4-5, 2021 Loss Control Workshop
- Hilton at the Ballpark, Downtown St. Louis
- NEED ... Participating Member’s support in keeping the database of invitees current
- PLEASE ... complete the workshop evaluations on the Workshop App as they are critical to supporting next year’s workshop planning
