Army School Support Knowledge Community

• Why we have this new community:

• To provide Education Institutions (EIs) a collaborative “Private Community Engagement Platform” on the Mighty Networks system.

• To provide a dynamic and user-friendly networking platform designed to better support EIs.

• To provide a forum allows all members to collaborate and share best practices. It also provides a one-stop shop for links to resources, events, policies, best practices, as well as receiving faster access to the Army School Support team, HQ ACCESS, and each other.

Why:

• EIs expressed their frustration on creating the csv files.
• Vantage Point Consulting designed and launched TA SimplifiED

What does it do:

• This tool assist EIs with creating ArmyIgnitED files to “simplify” the process
• CSV files will be created, and schools will login to ArmyIgnitED to upload

NOTE: Check Firewalls if link does not open or your IT department: Same for password reset
support@tasimplified.team

https://TASimplifiED.support
First Step:

• Register for an account (this is separate from ArmyIgnitED)

• No cost, not for Soldiers only schools

• Each user is tied to school OPEID

https://TASimplifiED.support
Three files available: Degree, Course Enrollment File and now Grade File!

Remember this DOES NOT replace uploading the inbound csv. file into ArmyIgnitED

Must do Static Information

If Degree file has been completed, you can skip step 2
Added benefit to our tool:

- Reference Files available with valuable needed information for other files
Degree Upload and Course Enrollment File Success Rate Comparison – with and without TASimplifiED tool
