Top goals for MCTA for the next year

- Convene practitioners regularly
- Continue to learn about Credential Engine tools (CTDL, Registry)
- Connect to other national initiatives
- Tech integration
- Marketing tool kit
- Standards and guidance about microcredentials and their outcomes

Ideas for inter-state and inter-regional collaboration

- State-specific convenings to build and generate interest
- Work with industry associations
- Regional employer partnerships
- Present at conferences to expand awareness
- Regional transfer articulation agreements and pathways
- EdTech procurement

Organizing the MCTA

- Bring in representation from all partners (K-12, industry, workforce, legislative)
- Quarterly meetings to keep momentum
- More interactive opportunities and innovation showcases
- Develop goals framework for state participation
- Create a community of practice with an active discussion forum
