State Legislative Leaders Foundation	https://www.sllf.org/	Nonprofit	Emerging Leaders Program	https://www.sllf.org/leadership-programs/emerging-leaders-program/		Up to 50 of the best and brightest state legislators from across the nation	50		4 days		The <i>Emerging Legislative Leaders Program</i> is designed specifically for the next generation of leaders in our state legislatures. The program is held every July on the campus of the University of Virginia, in partnership with the distinguished Darden School of Business. Up to 50 of the best and brightest state legislators from across the nation take part in 4 days of challenging classroom discussions, led by a team of professors at the Darden School. Since 2005, over 600 legislators have benefited from their experience at this program, and a significant number have continued their careers in public service. Many have achieved positions of leadership in their states. Through this unique program, SLLF and Darden seek to broaden the perspectives of these men and women, instilling in them a clear understanding of their responsibilities as custodians of the public's trust. We seek to inspire them to meet the challenges of the future with confidence and vigor.		
State Legislative Leaders Foundation	https://www.sllf.org/	Nonprofit	Leadership Summits	https://www.sllf.org/leadership-programs/leadership-summits/					3 days		Our nation's state legislative leaders occupy a remarkably demanding position — and a key one — in the American political system. They make our laws. But to do that, they must also be capable managers; articulate spokespersons for their political party, their chamber, and their legislature as a whole; effective mediators of dispute, and architects of compromise; and tireless fundraisers and campaigners for their party and themselves. In recognition of the unique responsibilities of legislative leaders, SLLF hosts two leadership education programs each year, in partnership with leading universities. There is a small universe of organizations which serve state legislators. In that world, SLLF is a beacon of nonpartisanship, excellence, and learning, for all state legislative leaders.		
State Legislative Leaders Foundation	https://www.sllf.org/	Nonprofit	Majority Leaders Program	https://www.sllf.org/leadership-programs/majority-leaders-program/		State majority leaders			3 days		In 2013, the State Legislative Leaders Foundation established a new national educational program exclusively for House and Senate Majority Leaders. This annual program, now known as the Conference of State Majority Leaders, rotates from state to state based on the Majority Leader selected to be the host. There are no written rules in any state that define the duties and responsibilities of Majority Leader. It is very much an "on the job training" position. Majority Leaders learn from legislative traditions, or from immediate predecessors. Often, they take direction from the presiding officer of their chamber. The Conference of State Majority Leaders gives these men and women a valuable opportunity to discuss their jobs. They learn how the job is handled in other legislatures, they discuss best practices with skilled experts, and most importantly, they get to know their peers. Alums of the program tell us that the most valuable benefit of attending, may be the lasting friendships formed among one's peers.
