This document is intended to signify the desire of this higher education institution to participate in the Midwest Student Exchange Program (MSEP) as defined in the Participation Agreement adopted by the participating state. This institution specifically acknowledges that participation in this agreement requires that it will undertake the following commitments, as well as such other actions that may be required from time to time by the Participation Agreement.

- a. Students admitted under the Midwest Student Exchange Program will be charged a tuition fee that is no more than 150% of regular in-state tuition when attending a public institution. Students admitted to an independent institution under this exchange program should receive at least a 10 percent reduction in the posted regular tuition.
- b. Once a student is admitted to a program under the exchange agreement, that student shall continue to receive the discounted fee as long as he or she remains in the program (or has an approved leave of absence) and maintains satisfactory academic progress regardless of the subsequent status of the Participation Agreement or the institution's participation in the exchange program.
- c. The institution agrees to provide the state contact in a timely manner all data requested by the Midwestern Higher Education Compact to document exchange student participation.
